

ENGINEERED RESPONSIBLY. DESIGNED TO PERFORM.

RIVINGTON 170

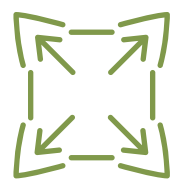

Rivington 170 combines lightweight comfort with built-in mechanical stretch, delivering freedom of movement and a smart, professional appearance in a fabric developed with 65% recycled polyester.

Designed as the sustainable evolution of Xtraflex SL, it offers the same trusted performance while supporting more responsible fabric choices without compromising quality or durability.

65% RECYCLED POLYESTER

Supporting more responsible fabric choices.

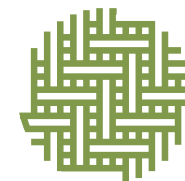

MECHANICAL STRETCH

Built-in flexibility for enhanced comfort.

170 GSM LIGHTWEIGHT

Comfort without unnecessary weight.

2/1 TWILL WEAVE

Combining a smart appearance with lasting durability.

CREASE RESIST FINISH

Helping garments maintain a professional look.
