

INHERENTLY PROTECTIVE. EXCEPTIONALLY COMFORTABLE.

FIREBIRD SATIN 260AS

Firebird Satin 260AS combines the comfort and aesthetic qualities of a 4/1 satin weave with the long-lasting performance of an inherent flame retardant fibre blend.

Developed for demanding industrial environments, it delivers dependable protection, antistatic performance and excellent wearer comfort without relying on a chemical flame retardant finish.

4/1 SATIN WEAVE

Smooth feel
with excellent
wearer comfort.

INHERENT FR PROTECTION

Protection built
into the fibre
blend.

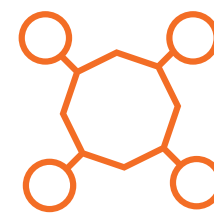

ARC FLASH PROTECTION

Tested against
electric arc
hazards.

ANTISTATIC PROPERTIES
